**My child, follow your father's  
instruction, and never forsake your  
mother's teaching. They are ornaments like  
a graceful flower garland on your head  
and a pendant around your neck.**

The page features decorative line-art illustrations of lily flowers in the four corners. The background has a soft, watercolor-like gradient from light pink at the top to a deeper pink at the bottom.

# LORD'S PRAYER

**Our Father in Heaven | Holy be your name |**

**Your Kingdom come | Your will be done |**

**On Earth As in Heaven ||**

**Give us today | Our daily bread, |**

**Forgive us our sins | As we forgive |**

**Those who sin against us. ||**

**Do not bring us to the test**

**But deliver us from evil. ||**

**For Thine is the Kingdom |**

**The Power and the Glory |**

**Forever and Ever || AMEN ||**

A decorative border with intricate floral and scrollwork patterns in a dark blue-grey color, framing the page on the left, top, and bottom edges.

# EDITOR'S DESK

Huma bird in Persian mythology, commonly known as “The Bird of Paradise”, is nonpareil with its unique features. It is believed that the bird never ever comes to the ground, but lives in the sky. Moreover, passes its life without sleep and without a nest. But, the most interesting part of the Huma bird is its process of breeding, when the bird lays egg in the air and being no support, the egg starts moving down to the earth. It will take many days for the egg to reach down the earth. Due to the heat of the hot sun and the favourable circumstances, the egg hatches in the mid-way itself. Surprisingly, the young bird comes out of the shell to fly up towards the sky. How much speed it moves down, in that much strength, the little bird tries to soar up and up. After facing a lot of struggle, finally the tiny bird reaches to its mother bird in the sky.

There will be hundreds of reasons to put you down, but find out at least a strong, positive and motivational fact to let you soar up to the world of joy and peace. Each and every one has their own problems and struggle. Nobody is exempted from, but it is our choice either to drag ourselves into the fathoms of saddening inaction or lifting up the spirit by spreading the wings of hope.

**Always strive for the Best**

**For The Editorial Board  
Mr. Harsha Kumar**

# Important Days in April

**Srinivasa Ramanujan (Died April 26, 1920):** This brilliant Indian mathematician made extraordinary contributions to mathematical analysis, number theory, infinite series, and continued fractions, despite having almost no formal training in pure mathematics. His "lost notebook," rediscovered in 1976, continues to inspire new research.

**Carl Friedrich Gauss (Born April 30, 1777):** Often called the "Prince of Mathematicians," Gauss made ground breaking discoveries in numerous fields, including number theory, algebra, statistics, analysis, differential geometry, geodesy, and astronomy. His work on the constructibility of regular polygons (like the 17-gon) using only compass and straightedge was a significant achievement.

**Leonhard Euler (Born April 15, 1707):** One of the most prolific mathematicians in history, Euler made foundational contributions to calculus, graph theory (famously solving the Seven Bridges of Königsberg problem), and many other areas. He introduced much of the mathematical notation we use today, including  $f(x)$  for functions,  $e$  for the base of the natural logarithm, and  $i$  for the imaginary unit.

**Sophie Germain (Born April 1, 1776):** A pioneering French mathematician, physicist, and philosopher. Despite facing significant societal barriers as a woman in her time, she made important contributions to number theory (especially Fermat's Last Theorem) and elasticity theory. Gauss himself praised her work.

**Kurt Gödel (Born April 28, 1906):** An Austrian-American logician, mathematician, and philosopher, known for his incompleteness theorems, which are fundamental results in mathematical logic.

**Goldbach Conjecture (April 3, 1753):** On this date, Euler confirmed to Goldbach that his conjecture (every even number greater than 2 is the sum of two primes) was true for the first 2500 numbers, though the conjecture remains unproven to this day.

April is a month rich with connections to some of history's most influential mathematicians and significant developments in the field!

# FREEDOM

Everybody in the world is born free. Is it really true?

Look around your surroundings, the poor children are forced to work. Our great freedom fighters gave their sweat and blood for gaining independence from the British but can you look into the mirror and say that no one has the power to control.

The word 'freedom' can have multiple contexts. Like freedom can be used to describe that, the country is independent or person is free to do anything that does not hurt the sentiments of other people. It can be also used by students in a humorous way when they pass out the school.

The Indian Constitution provides the 'Right to Freedom for all. This right states that the people of India can may move anywhere in India freely and they have other rights in Right Freedom like they have right of protesting, propagating. I would like to ask you all whether everyone in y India has the right to Freedom?

A few days ago, I got to know an incident where a restaurant in New Delhi having a very high profile did not allow a family to enter as they were wearing Indian clothes. Is this the freedom of our country? The nation, whose, President wears Indian clothes, is the same where the cate does not allow people in traditional to enter? What an irony is this! Are the women free. Can they go wherever they want? Why the girls are not allowed to get education?

Is this true freedom?

There are many loopholes in the word 'Freedom', it self, due to this, many schemes are launched by government but it cannot spread throughout the India. It is deeply requested to all those cannot get the right to freedom stand for yourself. If you cannot do it alone, protest. To get freedom, you need to stand for yourself. This is famous quote:

“Freedom cannot be demanded, you have to fight for it.”

**Vivaan Arora**  
**(IX Sapphire)**

# The future of our Nation

We, the youth of India, are the ones who will shape the future of this country. We are the ones with innovative and creative minds; India's future will be changed. All we need is love and motivation and we can convert this dull Earth into a brighter one.

Many people support us like our friends, family and near-dear ones. They encourage us and appreciate us even if they know, we are weak. All we need is a good supporter, be it a friend who listens you calmly and understands you or our own beloved parents, who, no matter, will support you. We children can be weak or strong, kind or a little cruel but we always know what our aim is i.e., A better tomorrow for our nation

From simple designing to building modern houses, and from simple coding to complex artificial intelligence, we can do it all. We have the power to change what tomorrow may look like, but we need to understand the world the days are not very a, when this simple looking world will change into something futuristic -that no one had expected before.

But, we have haters too. They say, "You are not perfect. They talk behind our backs and speak ill of us but what they are unaware of is that Revenge is best when served cold. So, we work in silence for our country, we, stand as the youth today, as this planet will modify into Something, no one would have thought of or maybe, a planet which is seen only in fictional movies.

**Seerat Kaur**  
**(IX Topaz)**

# Role of Youth in a Nation

A responsible youth elect the representative with great mind set and thinks about how will be provide benefit to our nation and will be helpful in the progress of our nation. It's not just about completing all the responsibilities which are provided to us by the nation or the government but also thinking about the welfare of this nation by getting inspiration from our national fighters and other respected citizens who wrote many books and filled the hearts of the people with love and responsibility towards nation and motherhood etc.

I would like to explain in brief, about how a youth can in the major factor of "ENVIRONMENT". As we all know that nowadays environmental factors are affecting a lot of dangers in the life because the trees are being cut day by day in order to build factories which causes pollution and dangerous health related diseases, spreading to garbage in the remaining forest areas.

Nowadays, the areas, which still have greenery, are being utilised by the people for the picnic spots. Actually, in my view, this is a great idea because going to such areas help our mind relax and maintain peace in our body. Most important factors are patience and calmness, which help us stay positive but the issue that the people come here to click photos and roam around, eat, and enjoy food. But after this, they throw all the waste material around their nearby areas which harms the peace mentioned in that area.

We should start planting trees in order to save our nation. The issues like child labour, drug abuse which lead to a great decline in our nation's progress and growth. In order to reduce and finish this, we need to do protests and awareness, which would help to stop. This will also reduce the death rate in the nation.

To conclude, I would like to say that playing the role of a youth is the most important for the progress of our nations and unity among all the citizen of India. I would also like to express that a youth is the only one responsible for the growth of the nation. We need to think practically, socially, mentally and physically in order to fulfil the role as a youth of our nation.

**Smrit Thapar**  
**(IX Zircon)**

# India's Timeless Legacy in Science and Innovation

Fast forward to the modern age, and we find a constellation of brilliant minds. Srinivasa Ramanujan, with no formal training, unlocked mathematical truths that continue to baffle and inspire. Acharya P.C. Ray, the father of Indian chemistry, not only advanced chemical sciences but also founded India's first pharmaceutical company.

Satyendra Nath Bose, whose work on quantum mechanics led to the Bose-Einstein statistics, reshaped physics. Dr. Homi Bhabha, the architect of India's nuclear program, envisioned a self-reliant scientific future. Dr. A.P.J. Abdul Kalam, our beloved Missile Man and former President, ignited young minds with dreams of space and science.

Let us not forget Janaki Ammal, a pioneering botanist whose work in cytogenetics and plant breeding laid the foundation for agricultural innovation in India.

India's contributions to astronomy, medicine, metallurgy, and mathematics are not just historical footnotes—they are living legacies. From ancient observatories like Jantar Mantar to ISRO's lunar missions, our journey continues with pride and purpose.

As we honour these luminaries, let us also remember that science is not just about discovery— it's about curiosity, courage and commitment. In addition, in that spirit, may we continue to build a future rooted in our glorious past?

**Rajdeep Singh**

# ਪੰਜਾਬੀ ਵਿਭਾਗ

# ਸਮਝਦਾਰੀ

ਕੌਣ ਕਹਿੰਦਾ ਹੈ, ਅਕਲ ਉਮਰ ਨਾਲ ਵੱਧਦੀ ਹੈ?

ਕੌਣ ਕਹਿੰਦਾ ਹੈ, ਸਮਝਦਾਰ ਹੋਣ ਲਈ ਤੁਹਾਨੂੰ ਸਾਲਾਂ ਦੇ ਤਜਰਬੇ ਦੀ ਲੋੜ ਹੈ?

ਕੌਣ ਕਹਿੰਦਾ ਹੈ ਕਿ ਬਜ਼ੁਰਗ ਲੋਕ ਹੀ ਸਭ ਤੋਂ ਜ਼ਿਆਦਾ ਸਮਝਦਾਰ ਹੁੰਦੇ ਹਨ?

ਪਰ ਅਸਲ ਵਿੱਚ ਸਮਝਦਾਰ ਹੋਣ ਲਈ ਸਾਲਾਂ ਦੇ ਤਜਰਬੇ ਅਤੇ ਵੱਡੀ ਉਮਰ ਦੀ ਲੋੜ ਨਹੀਂ।

ਬਸ ਤੁਹਾਡੇ ਉੱਤੇ ਪਈ ਇੱਕ ਮਜ਼ਬੂਰੀ, ਇੱਕ ਇਹੋ ਜਿਹਾ ਹਾਦਸਾ ਜੋ ਤੁਹਾਨੂੰ ਜ਼ਿੰਦਗੀ ਨੂੰ ਜੀਣ ਦੀ ਸੱਚਾਈ ਦਿਖਾ ਦਵੇ।

ਜਾਂ ਬਸ ਇੱਕ ਇਹੋ ਜਿਹਾ ਤਜਰਬਾ ਹੀ ਕਾਫ਼ੀ ਹੈ ਜੋ ਤੁਹਾਡੀਆਂ ਅੱਖਾਂ ਖੋਲ ਦੇਵੇ ਤੇ ਤੁਹਾਨੂੰ ਦੱਸੇ ਕੀ ਜ਼ਿੰਦਗੀ ਦਾ ਕੀ ਮਤਲਬ ਹੈ। ਬਸ ਇਹ ਹੀ ਕਾਫ਼ੀ ਹੈ।

ਸਭ ਤੋਂ ਵੱਡੀ ਸੱਚਾਈ ਤਾਂ ਇਹ ਹੈ ਕਿ ਕਈ ਵਾਰ ਮਜ਼ਬੂਰੀ ਇੱਕ ਮਾਸੂਮ ਜਿਹੇ ਬੱਚੇ ਨੂੰ

ਉਮਰ ਤੋਂ ਪਹਿਲਾਂ ਹੀ ਸਮਝਦਾਰ ਤੇ ਸੂਝਵਾਨ ਬਣਾ ਦਿੰਦੀ ਹੈ।

ਜਿਸ ਉਮਰ ਵਿੱਚ ਦੂਜੇ ਬੱਚੇ ਆਪਣਾ ਬਚਪਨ ਜੀਅ ਰਹੇ ਹੁੰਦੇ ਹਨ, ਖੇਡ ਰਹੇ ਹੁੰਦੇ ਹਨ, ਸਭ ਟੈਨਸ਼ਨਾਂ ਤੋਂ ਦੂਰ ਹੁੰਦੇ ਹਨ।

ਉਸ ਵੇਲੇ ਦੂਜੇ ਪਾਸੇ ਇੱਕ ਮਜ਼ਬੂਰ ਬੱਚਾ ਆਪਣਾ ਪੇਟ ਪਾਲਣ ਲਈ ਮਿਹਨਤ ਕਰ ਰਿਹਾ ਹੁੰਦਾ ਹੈ।

ਉਹ ਬਚਪਨ ਤੋਂ ਪਹਿਲਾਂ ਹੀ ਸੂਝਵਾਨ ਹੋਣ ਕਰਕੇ ਆਪਣਾ ਬਚਪਨ ਨਹੀਂ ਜੀਅ ਪਾਉਂਦਾ ਹੈ।

ਸੋ ਸਮਝਦਾਰੀ ਉਮਰ ਦੀ ਮੋਹਤਾਜ ਨਹੀਂ ਹੈ, ਇਸ ਨੂੰ ਹਾਸਲ ਕਰਨ ਲਈ ਇੱਕ ਤਜਰਬਾ ਹੀ ਕਾਫ਼ੀ ਹੈ ਚਾਹੇ ਉਹ ਚੰਗਾ ਹੋਵੇ ਜਾਂ ਮਾੜਾ।

ਰਵਨੀਤ ਕੌਰ

## ਜ਼ਿੰਦਗੀ ਦਾ ਮਤਲਬ

ਜੇ ਜਿਹੋ ਜਿਹਾ ਦਿਸਦਾ ਹੈ ਉਹ ਉਹੋ ਜਿਹਾ ਹੀ ਹੁੰਦਾ  
ਤਾਂ ਜ਼ਿੰਦਗੀ ਕਿੰਨੀ ਅਸਾਨ ਹੁੰਦੀ।  
ਜੇ ਜ਼ਿੰਦਗੀ ਵਿੱਚ ਕੋਈ ਮੁਸ਼ਕਲ ਨਾ ਹੁੰਦੀ,  
ਤਾਂ ਜ਼ਿੰਦਗੀ ਕਿੰਨੀ ਅਸਾਨ ਹੁੰਦੀ।  
ਜੇ ਕੋਈ ਬੰਦਾ ਜਿਹੋ ਜਿਹਾ ਦਿਸਦਾ, ਉਸੇ ਤਰ੍ਹਾਂ ਦਾ ਹੀ ਹੁੰਦਾ,  
ਤਾਂ ਧੋਖਾ ਖਾਣ ਤੋਂ ਬਚਣਾ ਕਿੰਨਾ ਅਸਾਨ ਹੁੰਦਾ।  
ਪਰ ਆਪਾਂ ਇਹ ਭੁੱਲ ਜਾਨੇ ਆਂ  
ਇਹੀ ਹੈ ਅਸਲੀਅਤ,  
ਇਹੀ ਹੈ ਅਸਲ ਜ਼ਿੰਦਗੀ।

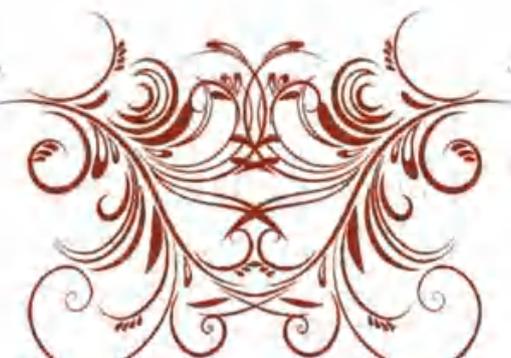

ਜੇ ਜ਼ਿੰਦਗੀ ਵਿੱਚ ਕੋਈ ਮੁਸ਼ਕਲ ਨਾ ਹੁੰਦੀ,  
ਤਾਂ ਉਹ ਜ਼ਿੰਦਗੀ ਹੀ ਕਾਹਦੀ।  
ਇਹ ਧੋਖੇ ਤੇ ਮੁਸ਼ਕਲਾਂ, ਇਹ ਖੁਸ਼ੀ, ਗਮੀ ਰਲ-ਮਿਲ ਕੇ ਜ਼ਿੰਦਗੀ ਬਣਾਉਂਦੇ ਹਨ।  
ਸੋ ਆਪਣੇ ਦੁੱਖਾਂ ਤੇ ਰੋਣ ਤੋਂ ਪਹਿਲਾ ਯਾਦ ਰੱਖੋ।  
ਇਹੀ ਹੀ ਹੈ ਜ਼ਿੰਦਗੀ।  
ਜ਼ਿੰਦਗੀ ਵਿੱਚ ਮਿਲਿਆ ਹਰ ਧੋਖਾ, ਹਰ ਮੁਸ਼ਕਲ, ਹਰ ਦੁੱਖ,  
ਦੱਸਦਾ ਹੈ ਇਹ ਹੈ ਜ਼ਿੰਦਗੀ।  
ਆਪਣੇ ਆਪ ਤੇ ਭਰੋਸਾ ਰੱਖ ਤੇ ਕਿਸੇ ਤੋਂ ਨਾ ਡਰ,  
ਤੇ ਮਿਹਨਤ ਕਰ ਇਹ ਹੀ ਦੱਸਦੀ ਹੈ ਜ਼ਿੰਦਗੀ  
ਜੇ ਇਹ ਸਮਝ ਜਾਂਦਾ ਹੈ ਉਹ ਹੀ ਜੀਂਦਾ ਹੇ ਜ਼ਿੰਦਗੀ।

ਰਵਨੀਤ ਕੌਰ  
ਬਾਰਵੀਂ ਮੈਡੀਕਲ

# ਖੂਬਸੂਰਤੀ

ਜ਼ਿੰਦਗੀ ਵਿੱਚ ਦੂਜੇ ਵਾਂਗ ਦਿਖਣ ਦੀ ਚਾਹਤ ਰੱਖੋਗੇ ਤਾਂ ਆਪਣਾ ਆਪ ਖੋ ਬੈਠੋਗੇ। ਜਦੋਂ ਤੁਸੀਂ ਕਿਸੇ ਹੋਰ ਵਾਂਗ ਦਿਖਣ ਦੀ ਕੋਸ਼ਿਸ਼ ਕਰਦੇ ਹੋ ਉਦੋਂ ਤੁਸੀਂ ਖੁਦ ਨੂੰ ਨਫ਼ਰਤ ਕਰਨਾ ਸ਼ੁਰੂ ਕਰ ਦਿੰਦੇ ਹੋ। ਜੇ ਤੁਸੀਂ ਆਪਣੀਆਂ ਕਮੀਆਂ ਵੱਲ ਧਿਆਨ ਦੇਵੋਗੇ ਤਾਂ ਤੁਸੀਂ ਆਪਣੀਆਂ ਖੂਬੀਆਂ ਨੂੰ ਵੀ ਭੁੱਲ ਬੈਠੋਗੇ। ਕਿਸੇ ਵਾਂਗ ਸੋਹਣੇ ਦਿਖਣ ਦੀ ਕੋਸ਼ਿਸ਼ ਨਾ ਕਰੋ ਬਲਕਿ ਸੋਹਣਾ/ ਚੰਗਾ ਬਣਨ ਦੀ ਕੋਸ਼ਿਸ਼ ਕਰੋ। ਦੂਸਰਿਆਂ ਦੀ ਮਦਦ ਕਰਕੇ। ਕਿਸੇ ਨੂੰ ਕਦੇ ਵੀ ਉਸ ਦੀ ਬਾਹਰੀ ਸੁੰਦਰਤਾ ਕਰਕੇ ਉਹਨੂੰ ਬੁਰਾ ਮਹਿਸੂਸ ਨਾ ਕਰਵਾਓ ਬਲਕਿ ਉਹਨਾਂ ਦੇ ਨੇਕ ਕੰਮਾਂ ਦਾ ਜ਼ਿਕਰ ਕਰਕੇ ਉਹਨਾਂ ਵਿੱਚ ਇੱਕ ਹਿੰਮਤ ਭਰੋ। ਕਿਉਂਕਿ ਤੁਹਾਨੂੰ ਜ਼ਿੰਦਗੀ ਵਿੱਚ ਸੋਹਣੇ ਲੋਕ ਤਾਂ ਬਹੁਤ ਮਿਲਣਗੇ | ਪਰ ਦੁਨੀਆਂ ਦੀ ਸੱਚਾਈ ਤਾਂ ਇਹ ਹੈ ਕਿ ਜੇ ਕੋਈ ਬੰਦਾ ਸੋਹਣਾ ਹੈ ਭਾਵੇਂ ਉਹ ਦਿਲ ਤੋਂ ਜਿਹੇ ਜਿਹਾ ਮਰਜ਼ੀ ਹੈ, ਲੋਕ ਉਸ ਨੂੰ ਪਸੰਦ ਕਰਦੇ ਹਨ। ਪਰ ਜੇ ਬੰਦਾ ਰੰਗ-ਰੂਪ ਚ ਤਾਂ ਬਹੁਤ ਸੋਹਣਾ ਨਹੀਂ, ਪਰ ਦਿਲ ਦਾ ਬਹੁਤ ਸਾਫ਼ ਇਮਾਨਦਾਰ ਤੇ ਚੰਗਾ ਇਨਸਾਨ ਹੈ, ਉਸ ਨਾਲ ਤਾਂ ਕੋਈ ਗੱਲ ਵੀ ਨਹੀਂ ਕਰਨਾ ਚਾਹੁੰਦਾ।

ਰਵਨੀਤ ਕੌਰ  
ਬਾਰਵੀਂ ਮੈਡੀਕਲ

### 1. "हमने क्रसम खाई है"

> हमने क्रसम खाई है माँ के आँचल की,  
अब जो दुश्मन आँख उठाएगा, वो जिंदा नहीं जाएगा।

बर्फ में लिपटे तिरंगे की कसम,  
हर बूंद लहू की अब ज्वाला बनेगी।

सरहद पर जो सोया है,  
उसका सपना अधूरा नहीं जाएगा।

हम कलम से जंग लड़ेंगे,  
और शब्दों से दुश्मन को चीर देंगे।

### 2. "जिंदा हैं तो जिंदा साबित करो"

> जिंदा हो तो जिंदा साबित करो,  
सिर्फ सांसें नहीं, आग भी जलाओ!

ये ज़मीन माँ है — इसे कोई बाँटे?  
तो फौलाद बनकर सामने आओ।

नारा नहीं चाहिए — कर्म चाहिए,  
सिर्फ बोल नहीं, शौर्य चाहिए!

जो तिरंगे को आँख दिखाए,  
उसका नामो-निशान मिटा दो!!

### 3. "कागज़ नहीं खून बोलता है"

> ये तिरंगा कागज़ नहीं, खून बोलता है,  
इसकी हर लहर में एक बलिदान बोलता है।

हम वो देश हैं जहाँ मिट्टी भी रणभूमि बन जाती है,  
और हर जनगण, माँ की जयकार गाता है।

तुम हमें क्या डराओगे बारूद से?  
हम तो पाले जाते हैं गुरुओं की तलवारों से।

### 4. "अब आर-पार की बारी है"

> अब आर-पार की बारी है,  
ना रुकना है, ना झुकना है।

गोली नहीं — इरादा चलाना है,  
गद्दारों को आइना दिखाना है!

जब बात देश की हो,  
तो मौत भी सौभाग्य लगती है।

हर भारतवासी अब  
सिंह की दहाड़ बन जाए — यही पुकार है।

देविद्रा कपूर  
(हिंदी विभाग)

# नशा एक ज़हर

धुंधलाता है मन, हर सोच फीकी,  
वो चुपके से छीन लेता है जिंदगी की झलकें मीठी।

पल भर का सुख, फिर गहरी तन्हाई दे जाता,  
नशे में डूबे, खो जाती है सही-गलती की परिभाषा।  
आँखों में तो है बस एक सपना,  
पर दिल में बस एक खलिश, एक तन्हा सन्नाटा।

हर घूँट में खो जाती है पहचान,  
नशा है एक मृगतृष्णा, जो देता है दर्द का वरदान।  
समझ नहीं आता, क्यों इसे अपनाते हैं लोग,  
क्या इस दर्द से सच में मिलती है राहत या बस खोखला एक रोग?

उठो, जागो, छोड़ दो यह भ्रम,  
जिंदगी की राह में यही है असली कदम।  
नशा पर नहीं, खुद पर रखो भरोसा,  
मंजिल की ओर बढ़ने से ही जिंदगी में कुछ होगा।

पूजा गुप्ता

# क्या बीता मेरे साथ बताने आया हूँ

क्या बीता मेरे साथ बताने आया हूँ,  
बिगड़ा कितना संसार बताने आया हूँ।

जलेबी सी टेढ़ी - मेढ़ी दुनियादारी है,  
कोई नहीं जानता किसकी सरदारी है,  
ये दुनिया कितनी गोल बताने आया हूँ।  
क्या बीता मेरे साथ बताने आया हूँ।

हर पल बदलते रहते रिश्तों के रंग है,  
समझ नहीं आता किसके कैसे ढंग हैं,  
किसमें कैसी औकात बताने आया हूँ।  
क्या बीता मेरे साथ बताने आया हूँ।

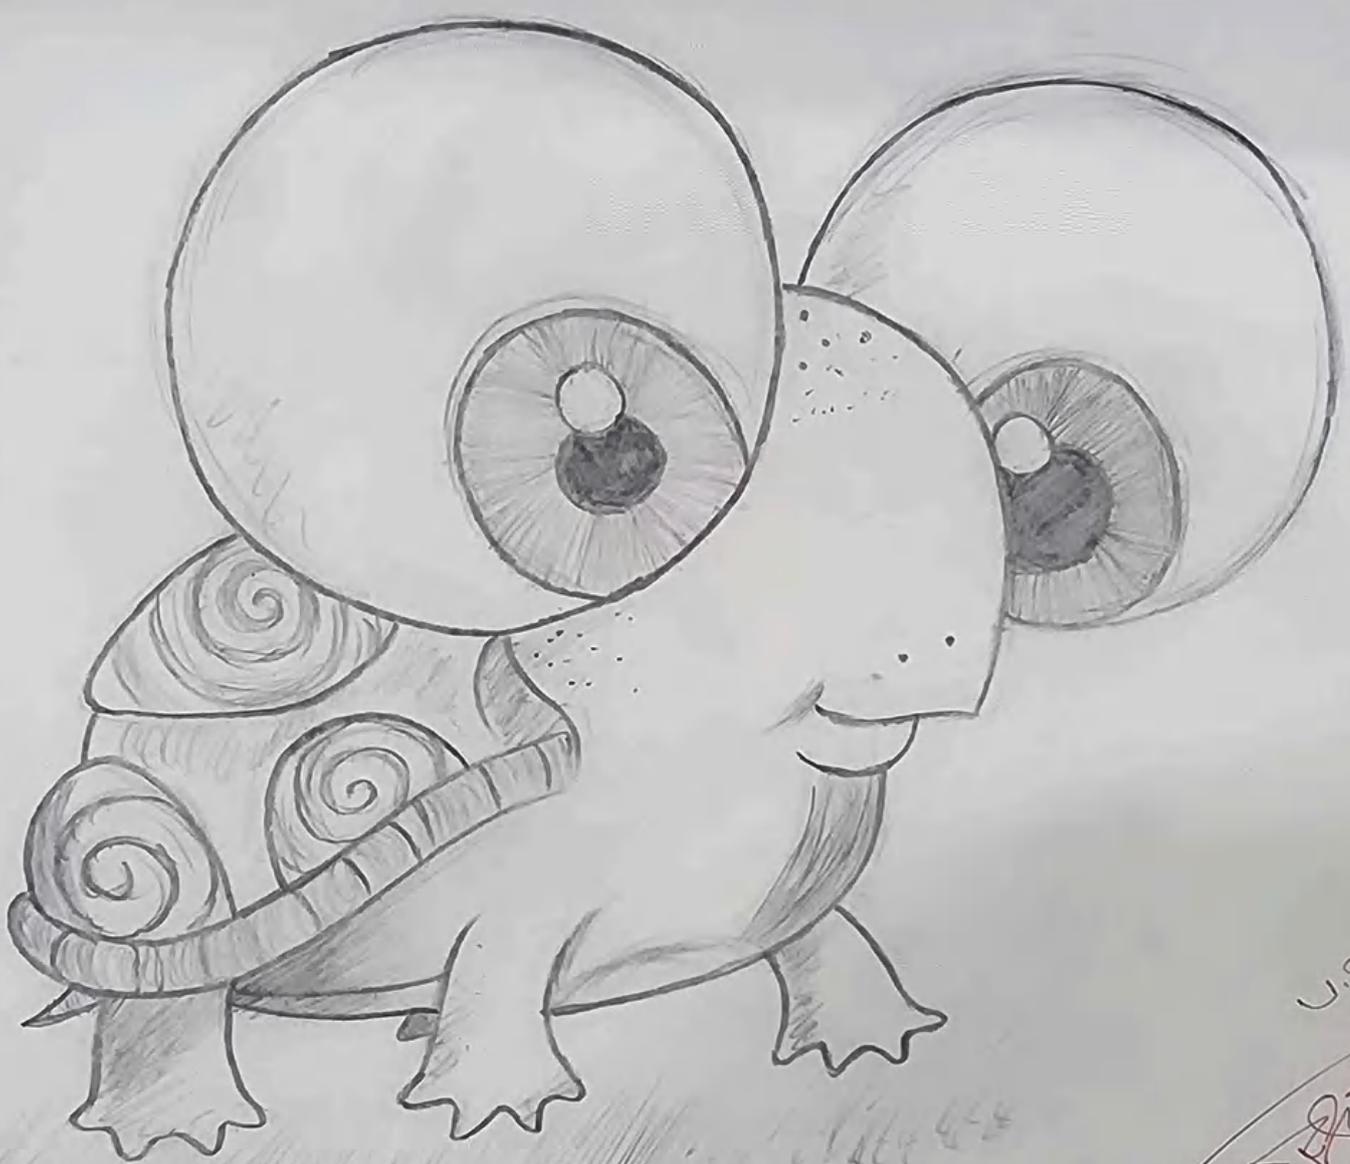

सांपों सा ज़हरीला हो गया जग सारा,  
नज़र नहीं आता है नभ में कोई तारा,  
ये नफरत की दीवार गिराने आया हूँ।  
क्या बीता मेरे साथ बताने आया हूँ।

मनसीरत खुदगर्जी खून की प्यासी है,  
इंसानियत हैवानों की बनी दासी है,  
माया मन का जंजाल बताने आया हूँ।  
क्या बीता मेरे साथ बताने आया हूँ।

क्या बीता मेरे साथ बताने आया हूँ।  
बिगड़ा कितना संसार बताने आया हूँ।
